

# POWERFUL PRESENTATION SKILLS

It is a myth that the ability to present confidently and effectively is a trait possessed by only a few. At Beacon, we believe that EVERYONE can become a POWERFUL presenter through proper training and coaching.

The skills that you acquire from this programme include breathing techniques and commanding presence in a room and will transform your presentations into POWERFUL ones. You will make a memorable impact and leave your audience in amazement.

This programme will demystify presentations. It will equip participants with skills to manage the "butterflies in the stomach" and appreciate the golden rules. Using the POWER framework, participants will be able to conceptualise and deliver compelling presentations. Everyone can present! The question is, "How POWERFUL is your presentation?"
